

Intro: C F G

C F G

They're just words, they ain't worth nothing

C F G

Cloud your head and push your buttons

C F G

And watch how they just disappear

C F G

When we're far away from here

F G

And everybody knows where this is heading )

Am G

Forgive me for forgetting )

F G C G

Our hearts irrevocably combined )

F G (Nak. x1)

Star crossed souls slow dancing )

Am G

Retreating and advancing )

F G C F G

Across the sky until the end of time )

C F G

Oh who put all those cares inside your head

C F G

You can't live your life on your deathbed

C F G

And it's been such a lovely day

C F G

Let's not let it end this way

(Nak. x1)

G C

Like sisters and brothers we lean on each other

G C

Like sweethearts carved on a headstone

G

Oh why even bother, it'll be here tomorrow

F G

It's not worth it sleeping alone

C F G

And look at you and me still here together

C F G

There is no one knows you better

C F G

And we've come such a long long way

C F G

Let's put it off for one more day

(Nak. x1)
