Intro: Em-Cadd9-G...

Em Cadd9
I had a friend many years ago

One tragic night he died

G

Em Cadd9

The saddest time of my life

G (yukarıdaki tab)

For weeks and weeks I cried
Through the anger and through the tears

I've felt his spirit through the years

I'd swear, He's watching me

Guiding me through hard times

E5 C5 G5

I feel it once again

(Yukardaki Tab)

It's overwhelming me

His spirit's like the winds

The angel guarding me

Oh, I know, oh, I know

He's watching over me

Oh, I know, oh, I know

He's watching over me

We shared dreams like all best friends Blood brothers at the age of ten We lived reckless, he paid the price But why? Why did he have to die? It still hurts me to this day Am I selfish for feeling this way? I know he's an angel now Together we'll be someday

I feel it once again It's overwhelming me His spirit's like the wind The angel guarding me Oh, I know, oh, I know He's watching over me Oh, I know, oh, I know He's watching over me
